

FAMILY CONSTELLATION WITH HANS GRUENN, MD

Saturday-Sept 24, 2022, 10am-5pm

Participating in a Systemic Constellation is a profound experience that changes how we relate to ourselves, others, and the world. It brings together what has been separated, heals what has been wounded and opens us up to the flow of love and understanding.

Any problem we're unable to solve, be it relationship, work, or health related, is usually rooted in our ancestral dynamic.

When we look at our life from a multi-generational perspective, we embrace the richness of our heritage and experience our common humanity in a truly mind and heart-opening way.

In a time when we need strength to face our personal and collective challenges, it is stunning to realize how heavily the unacknowledged past burdens us and limits our ability to be fully alive.

No prior experience is necessary.

Dr. Gruenn is a leading expert in Integrative Medicine has utilized Systemic Constellations for the past twenty years.

Fee: \$125 (includes lunch from Hip Vegan, voted best vegetarian restaurant in Ojai.)
